DATE OF ISSUE: March 4, 2002

LOG NUMBER: 00-F1534-02

NOTE: This approval is a modification and time extension of Hydraulic Project Approval (HPA) 00-F1534-01 issued on January 18, 2002. The HPA reflects a change in plans to use a lift box lowered onto the beach by a crane to remove debris from demolition work done by hand. The original plans to pull the debris by crane to uplands has been replaced by the new plans. Due to the low impact of the project on beach substrate, the project may proceed during the nearshore spring migration period for juvenile salmonids.
